

The entire image on the right side doesn't come up when the main page loads on a 14inch screen.

The Currency symbol of INR should be more generic.

Should have some essence of international payments.

Payment Platform
Unified Dashboard
Reconciliation

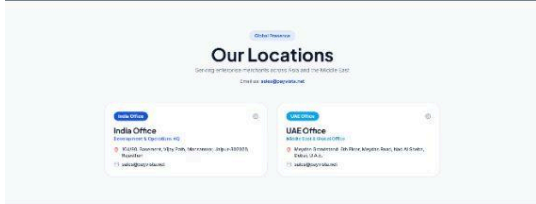

Supported Payment Methods - Make it more international as well. Like UPI should also have something like UPI / Wallet payments. Apple Pay/Google Pay should also come there. Consolidate CC and DC into Cards.

Business Value - good

Centralised Dashboard Currency Symbol is off. Plus think global, INR, AED, USD, EUR, etc.

Our Locations -

India Office: India Operations & HQ. No address.

UAE Office - Middle East & Global Office. No Address.
